

SAS expands global reach with new codeshare destinations via Air France-KLM

SAS is further strengthening its global network by extending the codeshare agreement with Air France-KLM, now offering even more travel options to customers. For the first time ever, SAS travelers will have access to Fortaleza and Salvador de Bahia in Brazil, as well as Johannesburg and Cape Town in South Africa. This expansion marks a significant milestone in SAS' commitment to enhancing and strengthening Scandinavian connectivity.

Through the extensive route networks of Air France and KLM, SAS customers can seamlessly book flights to these exciting new destinations, along with an increasing number of codeshare routes across Europe and beyond.

This codeshare expansion is in addition to the current codeshare agreement with Air France and KLM within Europe and to/from Tokyo.

"Our partnership with Air France-KLM continues to unlock new opportunities for our travelers, and we are thrilled to now offer our customers a trip to Fortaleza and Salvador de Bahia for the first time ever," says Paul Verhagen, Chief Commercial Officer at SAS. *"This is just the beginning — our list of codeshare destinations will continue to grow, enhancing connectivity and convenience for both SAS' and our partners' customers."*

With this expansion, SAS now offers extended connectivity from and to Scandinavia, including new destinations in Asia such as Osaka and Bangkok, several new destinations in Brazil including Rio de Janeiro, Sao Paulo, Fortaleza, and Salvador de Bahia, as well as Johannesburg and Cape Town in South Africa.

Customers can book their travel and read more about the destinations through SAS' website: [Explore Flights to The Best Destinations Across the Globe | SAS](#)

SAS, Scandinavia's leading airline since 1946, operates a global hub at Copenhagen Airport (CPH), complemented by hubs in Oslo (OSL) and Stockholm (ARN).

Our mission is to connect Scandinavia with the world and the world with Scandinavia. Each year, SAS serves more than 25 million passengers and transports 60,000 tons of cargo to 135 destinations across Europe, the USA, and Asia. With a relentless focus on operational excellence, SAS ranks as one of the most punctual airlines in Europe and the world. With a passionate workforce of over 10,000 colleagues, we collaborate with partners and customers to drive transformative changes in aviation. We are committed to achieving net-zero emissions by 2050, embodying the visionary spirit of our founders: "To move from the old to what is about to come, is the only tradition worth keeping." Innovation and societal progress are at the heart of everything we do.

SAS joined SkyTeam in September 2024, and together with our partner airlines, we offer a wide network worldwide.
