

SAS to launch highly anticipated nonstop Copenhagen–Mumbai route on October 1

SAS is delighted to announce that all operational and practical preparations are in place, and flights are now officially ready for takeoff. Starting October 1, 2026, SAS reconnects Scandinavia and India with a nonstop year-round route between Copenhagen and Mumbai.

Operating five times weekly with an Airbus A330, the route marks SAS' return to India after 17 years. This connection unlocks dynamic opportunities for travel, business, and cultural exchange between Northern Europe and India's vibrant financial capital.

The new service strengthens Copenhagen Airport's role as a major international gateway, offering smooth connections to key SAS European and long-haul destinations, including New York, Boston, and Toronto.

"We are absolutely thrilled to welcome passengers on board our new nonstop service to Mumbai. This strategic route represents an extraordinary milestone for SAS, opening effortless doors between Scandinavia and one of the world's most dynamic economic hubs. As SAS celebrates 80 years of pioneering international travel, reconnecting our regions is a deeply proud moment for all of us, and we cannot wait to welcome our passengers on board as of October 1st," says Paul Verhagen, Chief Commercial Officer at SAS.

Flights are now open for sale across all channels. As one of the world's most punctual airlines—regularly recognized for global operational excellence—SAS will offer travelers between Scandinavia and India superior reliability, world-class service, and seamless connectivity across its global network.
